Fax: (01246) 240676

Headteacher: Mr G. R. Inglis
Deputy Headteacher: Mr I. J. Buxton

To Whom It May Concern:

1/12/2009

RE: Mercury Technical Solutions Ltd

The Bolsover School has dealt with the above company over the past year for the supply and installation of various audio visual and ICT equipment.

In that time we have found MTS have offered very competitive prices and their installations have been of the highest quality. Working around the times and requirements of the school and leaving the working areas clean and tidy. MTS staff are very approachable and well informed, dealing with any queries in a quick and polite manner.

I have no reservations in recommending this company as an ideal partner to any potential education clients.

Please feel free to contact me if you require any further information.

Yours truly,

P Bowley
